

# IS YOUR CASH SECURE?

## UNLOCK PEACE OF MIND WITH OSS' SMART SAFE PROGRAM

The Smart Safe Program is in partnership with American Security, the largest U.S. custom safe manufacturer of high-security safes with an average of 2.1 years before an onsite call.

### WHAT MAKES SMART SAFES SO SMART?

#### Advanced Threat Protection

In an ever-evolving landscape of threats, gain a robust defense against theft, fraud, counterfeit bills and unauthorized access with state-of-the-art technology as well as customized alerts through the cloud portal.

#### Financial Accuracy

Eliminate discrepancies and errors in your financial records with automated cash handling with a reduced number of employees touching cash.

#### Seamless Integration

Easily incorporate into existing systems and operations for a hassle-free experience. Enhance your security without the headaches of a complicated setup.

#### Superior Monitoring

With remote management, stay in control 24/7 with real-time monitoring that tracks cash flow and provides insight into peak operating hours to optimize staffing, inventory and other resources.

#### Remote Management

Get automated reporting for every transaction via email or the easy-to-use dashboard.

# OSS PROVIDES COMPREHENSIVE CASH MANAGEMENT SOLUTIONS TO ITS SMART SAFE CLIENTS, INCLUDING:

## Discreet CIT Services

Industry-leading Cash-In-Transit (CIT) services featuring discreet cash pickup and transport to any Federal Reserve Bank location or other location specified by your financial institution.

## Flexible Scheduling

Unique flexibility in scheduling machine cash fulfillment and end-to-end delivery of assets.

## Operational Transparency

Show your customers you take their security seriously. Investing in our Smart Safe Program not only protects your assets but also builds trust with those who matter most—your clients.

## WHY OSS?

OSS is an award-winning operation founded by a highly skilled and experienced team whose backgrounds are uniquely matched to the challenge of pioneering security-based risk management solutions for high-risk industries. We specialize in “full-spectrum” risk management solutions founded upon proven security protocols, practices and standards designed to anticipate and mitigate the widest scope of potential threats that could result in loss of any kind.
